TOWN OF WOODSIDE
Construction/Demolition Debris Recycling Program

Calculation of Deposit – Roofing Material

1. Record Square Feet (Not Squares) of Roofing Surface: _____ s.f.
2. Multiply By Conversion Factor for Pounds of Anticipated Waste Material:
 - a. Wood Shingle: _____ s.f. x 2 lbs. = _____ lbs.
 - b. Asphalt Shingle: _____ s.f. x 3 lbs. = _____ lbs.
 - c. Clay/Concrete Tile: _____ s.f. x 10 lbs. = _____ lbs.
 - d. Roof Decking (if applicable) _____ s.f. x 1.5 lbs. = _____ lbs.
- TOTAL POUNDS:** _____ lbs.
3. Total Pounds Divided by 2,000 = _____ tons
4. Deposit Charge _____ tons x \$50.00/ton = \$ _____
NOTE: *Minimum Deposit is \$1,000.00*
5. Add Administrative Fee: \$ 195.00
6. Total Deposit/Fee: \$ _____

The full deposit will be refunded **to the person paying the deposit**, after proof is provided that a minimum of 60% of the debris generated has been recycled.

Roofers: Please inquire about our “rotating deposit” program.
